Caltrans 06-0H6424 A-C Electric Company Electrical Proposal September 7, 2016 Page 2 of 2

Our bid is conditioned on:

1) A mutually acceptable form of purchase order or contract document.

Some clauses of importance to us are realistic payment clauses which protect both parties, guarantee us that we get paid promptly for our work and eliminate unnecessary paperwork; indemnification clauses which equitably allocate risk to the parties, insuring that you are indemnified for the negligent acts of A-C Electric Company, without A-C indemnifying or defending you for your negligence; scheduling clauses which give us adequate time to perform our work efficiently and safely, compensate us for acceleration required for reasons outside our control, and limits any requirement for us to accelerate without compensation to our failure to perform in meeting a reasonable schedule.

In the event that we are unable to reach a mutually acceptable contract utilizing Contractor's proposed document, this bid is conditioned on the use of Consensus DOCS 750 or 751, documents drafted and agreed to by the various construction trade associations with the intent to be fair to the contractor, subcontractor and owner.

- 2) As an interim measure, while we are working on a mutually acceptable contract document, we will perform work and supply material upon receipt of a written authorization to do so with the assurances that we will be paid timely for the work done.
- 3) If you are one of the more than 50 contractors with whom we have worked out a mutually acceptable contract, or an addendum to your standard contract, our bid is conditioned to it.

A-C Electric Company is signatory to collective bargaining agreements with the International Brotherhood of Electrical Workers. This bid is based on doing the work of our bid items with our own forces who are signatory to the IBEW or selected subcontractors. We will cooperate with you in resolving labor problems involving our work and the IBEW resulting from claims or grievances made by labor unions to which you are signatory. We will provide representation and bear our own costs for doing so. We will not indemnify nor reimburse you for costs you incur resulting from such claims or grievances.

The legal venue for this project shall be the city, county, and state in which the work is performed.
